

SwissPiranha PegPuller

Save time and your back – use the SwissPiranha PegPuller!

The PegPuller makes it easy to remove all your tent stakes quickly from a hard surface. Simply slide under the head of the peg and tilt back – easy as that. A comfy handle makes it easy to take a full pull on the high performance Dyneema cord. Tiny, super lightweight and easy to stow away, this must-have gadget will improve camping experience. Of course, the SwissPiranha PegPuller tool provides effortless removal of all types of tent pegs.
